### ORGANIZATION DESCRIPTION

**In the heart of Anjou, a family vineyard for 5 generations.**

The Family vineyard extends over 50 hectares between the Loire and the Layon rivers in the heart of Anjou. The village of Saint-Aubin de Luigné, also known as the Pearl of Layon, has been home to our family estate for 5 generations. Since 1995, Stéphane and Séverine Branchereau are passionate about cultivating, growing and vinifying the great wines of the Loire Valley, between intuition of traditions and sense of innovation.

Chenin Blanc, our king grape variety, expresses itself on the best terroirs of the Quart-de-Chaume Grand Cru, or on the prestigious appellations Savennières and Savennières Roche aux Moines.

We also grow different varieties and appellations of wines, very representative of the Loire Valley diversity (Red, Rosé, White, Sparkling). The manual harvest by successive sorting, up to 3 to 4 passages, allow to select the grapes more or less concentrated and to elaborate wines of very high quality.

We develop an environmental approach, certified HVE, and a taste for excellence that applies to all our cuvées, entirely harvested by hand. The methods of cultivation are traditional and applied in the respect of nature : grassing through the vineyards, short pruning, summer thinning and thinning-out of the leaves. Vinification & ageing are carried out in the pure tradition with a revival of the ancestral method such as stirring for our great appellations that age in barrels. The results are wines with a richness and intensity that clearly show the worldclass potential of this style of Anjou Wines.

Domaine Filliatreau is a family-owned winery certified Organic and Biodynamic on the Saumur-Champigny and Saumur appellation.

In 1967, Maurice Filliatreau transfers his vineyard of 8 hectares in Chaintres to his son, Paul, who was only 24 years old. He brought the entire Saumur Champigny brand with him and participated in the creation of the producers' collective. Paul travelled throughout France as an ambassador for the Domain and the appellation, and Saumur-Champigny prominently ended up on Parisian restaurant menus.

Domaine Filliatreau is committed to sustainable winemaking. Château Fouquet is certified Organic by ecocert since 1998 and Biodynamic by Demeter France since 2017.
